EXAMPLE COMMITTEE QUESTIONS

You are the Committee on Electoral Matters. You are holding an inquiry into the Voting Age Bill, which would lower the voting age to allow 16 and 17 year old Australians to vote in elections.

The following four witness groups will appear before the committee to answer your questions about this issue:

Group 1. Voice for Youth

Group 2. Elections Australia

Group 3. Democracy for Australia

Group 4. Democratic Heritage Society

After the committee hears from these witness groups, it will write a report based on the evidence it has heard. The report can recommend to support or oppose the idea of lowering the vote age, or to make changes to the idea.

You need to think of questions to ask each group. These are the sorts of questions you might like to ask.

- How will the right to vote improve the lives of young Australians?
- Do 16 and 17 year old Australians really want the vote?
- Are 16 and 17 year olds responsible enough to vote?
- Is changing the law enough? What other changes do we need to make 16 and 17 year olds ready to vote?
- Would lowering the voting age significantly affect electoral procedures?
- What impacts will lowering the voting age have on the community?
- Do we need an ongoing education program for young voters?
- Who is your witness group speaking for and what evidence do they have to support their position?
- What methods did your witness group use to find its evidence?

VOICE FOR YOUTH

You are Voice for Youth. You want more rights and responsibilities for Australia's youth. It's your job to convince the committee that lowering the voting age to 16 years is a good idea.

Write a statement outlining your group's view. While you are doing this you may want to consider the following questions:

- Why should 16 and 17 year olds help make decisions about the future of our country?
- How are today's young people better informed about issues facing Australia?
- Why is it unfair that 16 and 17 year olds pay taxes but don't have the right to vote?
- What research have you done to back up your claim?

Voice for Youth Spokesperson

When asked if you would like to make an opening statement, say:

 Thank you Chairperson, we are Voice for Youth.

ELECTIONS AUSTRALIA

You work for Elections Australia (EA). You organise and run federal elections. You don't have an official position on whether the voting age should be lowered to 16. Your job is to give expert advice about how lowering the voting age to 16 would affect the conduct of elections.

Write a statement outlining your group's view. While you are doing this you may want to consider the following questions:

- What obstacles would EA face making sure 16 and 17 year olds vote? How would you overcome those obstacles?
- What sort of education campaign would EA run to encourage young people to vote?
- What research have you done to back up your claims?

Elections Australia Spokesperson

When asked if you would like to make an opening statement, say:

Thank you Chairperson, we are from Elections Australia.

DEMOCRACY FOR AUSTRALIA

You are Democracy for Australia. You support giving the youth of Australia a voice. However, you feel that not all 16 and 17 year olds are ready to vote. It's your job to convince the committee of your point of view.

Write a statement outlining your group's view. While you are doing this you may want to consider the following questions:

- Why is it important to give youth a voice?
- What would be the benefits of optional voting for 16 and 17 year olds?
- What research have you done to back up your claims?

Democracy for Australia Spokesperson

DEMOCRATIC HERITAGE SOCIETY

You are from the Democratic Heritage Society. You believe that the voting system in Australia works well and should not be changed. It's your job to convince the committee that lowering the voting age will not be good for Australian democracy.

Write a statement outlining your group's view. While you are doing this you may want to consider the following questions:

- Why do you think that 16 and 17 year olds are not ready to make responsible decisions?
- Why do you think that 16 and 17 year olds will just vote the way their parents or friends vote?
- What research have you done to back up your claims?

Democratic Heritage Society Spokesperson

When asked if you would like to make an opening statement, say:
